

A diagram of a circular device, likely a disk or a wheel, with a central hub. The hub is labeled **C1** and has eight small rectangular protrusions around its perimeter. A line points from the label **27** to the hub. The main body of the device is a large circle labeled **12**. There are eight radial spokes or segments extending from the hub to the outer edge. Each spoke is composed of a series of small circles. The spokes are labeled **16** (bottom-left), **25** (bottom-right), and **27** (top-right). The top-left spoke is unlabeled. The bottom-left spoke is labeled **16**. The bottom-right spoke is labeled **25**. The top-right spoke is labeled **27**. The top-left spoke is unlabeled. The top-right spoke is labeled **27**. The bottom-right spoke is labeled **25**. The bottom-left spoke is labeled **16**. The top-left spoke is unlabeled.
